The 7 Key Components to Developing a COMPREHENSIVE ETHICS AND COMPLIANCE PROGRAM

[REGISTER HERE](#)

Wednesday, March 13, 2019 at Noon

The Patient Protection and Affordable Care Act (ACA) provides a comprehensive anti-fraud Strategy that has enable the U.S. Department of Justice and Health Services to recover a record-breaking \$7.3 billion in taxpayer dollars in Fiscal Year (FY) 2017. Over the last five years, the Administration's enforcement efforts have recovered over \$19.2 billion.

The law also requires that healthcare providers put in place a compliance and ethics program. The law details compliance programs and provides guidelines that outline what constitutes an "effective compliance and ethics

program" and includes (7) key components. These 7 key components will assist health care providers to develop a comprehensive ethics and compliance program that achieves great success.

Do you know how to • establish policies, procedures and controls that effectively reduce violations of non-compliance? • exercise effective compliance and ethics oversight at the highest levels by individuals (compliance and ethics office) who have enough authority and resources to carry out their job responsibilities? • exercise due diligence to exclude from authority those individuals who have a propensity to violate the code? • communicate with and train employees on the compliance and ethics programs? • monitor and audit the compliance and ethics program for health care providers and employees? • ensure consistent enforcement and discipline of non-compliance? • respond appropriately to detected offenses and develop corrective action to prevent future violations and penalties?

Please Join Dr. Jim Wooddell as he shares his expertise on Developing a Comprehensive Ethics and Compliance Programs and reveals the 7 Key Components to success.

Please forward this invitation to relevant staff within your facility.
